

Year 2 Autumn Term 1

Eloquent and Truthful

In the first Autumn term, the children in Year 2 have shown wonderful eloquence and truthfulness in all that they have done. As we took part in planting vegetables and litter picking, the children have spoken thoughtfully about caring for the environment and shared their honest reflections on how their actions can make a difference.

Our Year 2 children have beautifully demonstrated eloquence and truthfulness in all they do. They speak with confidence, kindness, and respect, sharing their thoughts clearly and thoughtfully. In their learning and play, they show honesty and are always striving to make good choices and speak the truth. Through their words and actions, they reflect our Catholic virtues, growing in faith, wisdom, and compassion each day.

Year 2 Autumn Term 2

Learned and Wise

In the build-up to Advent, the children have shown they are becoming Learned and Wise by reflecting on the season's meaning and taking part thoughtfully in prayers and activities. They have explored themes of hope, kindness, and preparation, developing a deeper understanding of why Advent is special. Their thoughtful attitude has helped create a calm and reflective start to this important time.

Our Year 2 class has shown that they are becoming Learned and Wise by communicating clearly and working well as a team. The children listen respectfully, share their ideas with confidence, and support one another during group tasks. Through cooperation and encouragement, they have learnt that working together helps everyone grow in understanding.
