

## Our virtues and values: Intentional and Prophetic

In our Year 2 class, we explored the values of intentionality and prophetic vision through engaging activities and thoughtful discussions. Our students are learning to live with purpose, using the earth's resources responsibly. The Year 2 pupils have also set a prophetic example for others to follow. We have been carefully thinking about the choices we make and how these choices affect our lives.

Through role-playing and group talks, students learned that being intentional with their actions can help others and create a positive classroom environment. In Year 2 we have also looked at real-life characters who had a vision for a better future and worked hard to make it happen, helping students to be inspired to act with kindness and purpose.

This term we have been learning about Baptisms and learning about John the Baptist.

In Year 2 we had the opportunity to visit Club 707 to participate in Christmas activities such as role play, decorating Christmas cards and designing our own cookies.

This experience allowed the students to explore the true meaning of Christmas!

We have also been very curious to learn about many different jobs after reading our book 'My Mummy is a Nurse'. Following on from this we had a special visit from a Station Manager from the fire service. Students were allowed to increase their curiosity by asking questions about how firefighters help people in our community.

We have had a visit from the Police who have answered our questions and allowed us to wear uniform and go in the police car!
