

Curious and Active

Pupils are growing to be curious about everything; and active in their engagement with the world, changing what they can for the better.

- We have changed the world for the better by creating climate change placards and going on a school protest about climate change.
- We have been curious about our world by exploring climate change. Looking at the causes, effects and solutions.
- We have also participated in a Lenten walk helping to raise the world to make the world a better place.
- We have been curious about the books we shared during World Book Day.

Intentional and Prophetic

Pupils are growing to be intentional in the way they live and use the resources of the earth, guided by conscience; and prophetic in the example they set to others.

- We have done role play activities based on the acts of mercy and parable of the judgement of nations. We have explored good and bad choices and how we can serve others.
- We also continue to use our kindness jar. Any act of kindness the children have demonstrated goes into it, to read out at the end of the year.
- We have talked about the example we can set others during our class worships. At the end of each class worship, we have a mission to carry out which other links with how we can serve others too.
