

## Curious & Active

As part of Curious & Active, the children explored a range of myths from around the world, developing their curiosity about different cultures, stories, and beliefs. They also learned about how Easter is celebrated in different countries, recognising both similarities and differences. Through these experiences, the children engaged actively with the wider world, asking questions and developing a deeper understanding of global traditions.

Lovely and neat. Be careful that your handwriting doesn't become too small.

## Intentional & Prophetic

As part of Intentional & Prophetic, the children explored online safety, learning how to make thoughtful and responsible choices when using technology. They considered how their actions online can affect themselves and others, and were encouraged to act with care, respect, and integrity. Through this, the children began to understand how they can be positive role models in the digital world.
