

Autumn 1

RE Learning

Year 1 spent the first Autumn term exploring the theme of God's creation and the idea of covenant, discovering how Christians believe that God made the world with love and care. They learned about the beauty and variety of creation—land, sea, animals, and people—and talked about how this shows God's promise to look after the world. The children responded with real enthusiasm, sharing their own ideas about what makes the world special and how we can look after it.

At the prayer table, they wrote simple prayers and thank-you messages to God, expressing gratitude for the world around them, their families, and the people who help them grow. Their reflections showed a lovely sense of wonder and appreciation for the idea that they are part of God's creation too.
