

Collective Worship

Year 1 Autumn 2

Year 1 gathered in collective worship to reflect on the prophecy and promise of Jesus coming into the world as God’s Son. We thought about how God sent Jesus as a promise to guide us, love us, and save us, and how Christians believe this promise continues today. The children shared their thoughts about Jesus being a gift of hope and light, especially during Advent. Together, we talked about our own Advent promises—small ways we can show kindness, love, and patience—just as Jesus teaches us. We ended our worship by thanking Jesus for being God’s promise to us and for always being there, guiding us to make the world a better place.
