

# Reception Spring Term – Curious & Active

In Reception, we have been **curious & active** in so many ways.

We asked questions and shared our knowledge of the World, through our topic on the Dinosaurs...

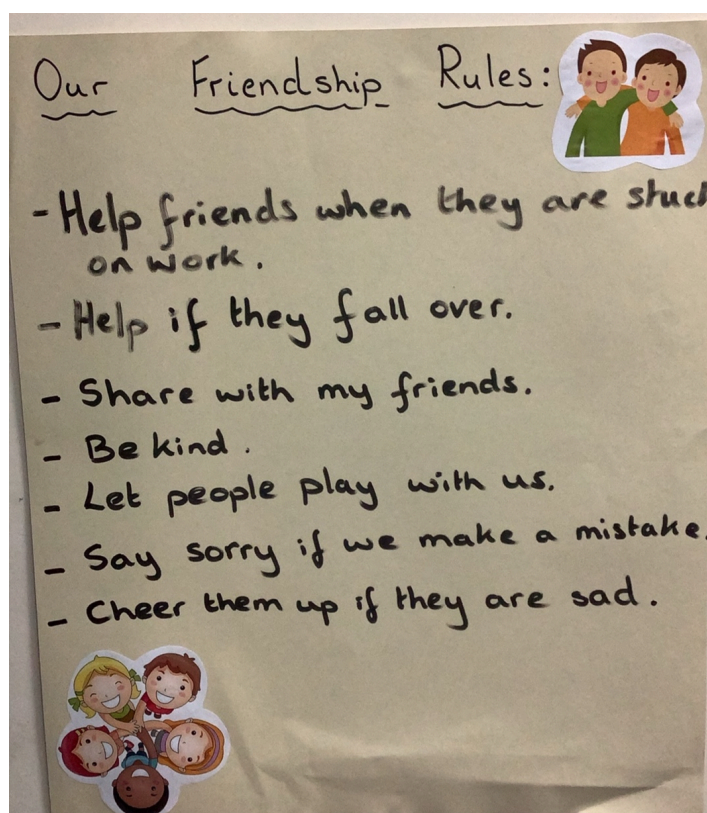

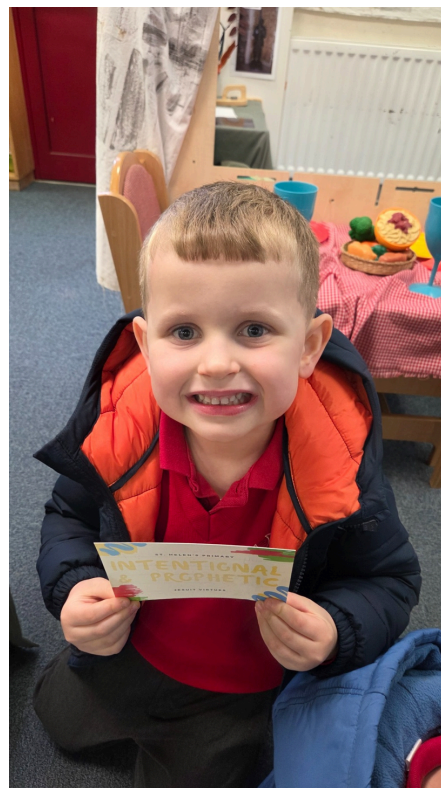

We tried really hard to do lots of learning, playing and exploring. We know we are responsibly for our own learning...

and we took an active role in joining in with school & church life. We joined in with class assemblies, family Mass at the Church and lots of school fundraising days.

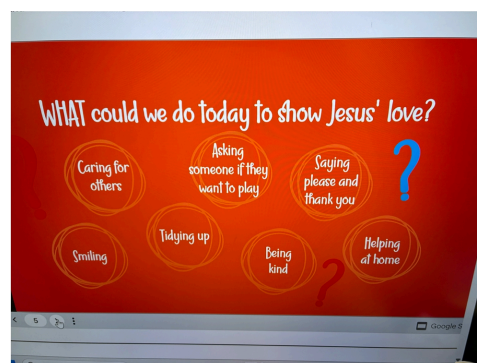

# Reception Spring Term – Intentional & Prophetic

We have been showing our values **Intentional & Prophetic** in lots of ways this term!

We have been intentional in the choices we have made. To be kind, to our Lenten friends and others. To be respectful, of our school and world.

We have been prophetic in the way we act. We share our ideas together in class, we are grateful to God for what we have, we stand up for what we believe and we are responsible citizens of the World, even when nobody is looking!
