

Year 1 - Autumn 1: Grateful and Generous

We started the year learning about our families. We wrote a class prayer to show that we are **grateful** for God's love and the people around us.

We learnt how to be respectful of our learning environment. We love taking care of our things because we are **grateful** to have them.

Lots of children showed how they could be kind and **generous** friends, for example by helping someone in need and sharing.
